## Plenary and Invited Speakers

 Hits: 2147

### PLENARY LECTURES

PL-01

**"Recent Advances in Tile Manufacturing Process. Prospects for the Future"**

*Dr. Arnaldo Moreno Berto, Instituto de Tecnología Cerámica (ITC), Castellón, Spain*

[\[Biography\]](#)

PL-02

**"Piezoelectric Actuator Renaissance"**

*Prof. Dr. Kenji Uchino, Office of Naval Research, USA and The Pennsylvania State University, USA*

[\[Biography\]](#)

PL-03

**"Sustainability and Role of Ceramic Science and Technology"**

*Dr. Florian Kongoli, Executive President (CEO), FLOGEN Technologies Inc, USA*

[\[Biography\]](#)

PL-04

**"Design and Processing of Advanced Piezoelectric and Structural Ceramics by Combining Novel Architectures and Crystallographic Texture"**

*Prof. Gary L. Messing, The Pennsylvania State University, USA*

PL-05

**"Feature and Future of Hydrothermal/Solvothermal Reaction for Synthesis/Preparation of NanoMaterials with Desired Shapes, Sizes and Structures"**

*Prof. Masahiro Yoshimura, Tokyo Institute of Technology, Japan and National Cheng Kung University, Taiwan*

[\[Biography\]](#)

PL-06

**"Development Strategies for SiAlON Ceramics (Challenges and Potentials)"**

*Prof. Dr. Hasan Mandal, Sabanci University, Turkey*
