Invitation Registration No.: EAEF-1305181

Date: February 20, 2013

Invitation Letter

Dear Honorable Dr. Florian Kongoli:

With the support of Shanghai Cooperation Organization (SCO), 19 Chinese Ministries, and approximately 20 overseas and domestic NGOs, hosted by the Xi'an Municipal Government, **Euro-Asia Economic Forum (EAEF) 2013** will be held this year at Qujiang International Conference Center, Xi'an, China. The theme of the forum during September 26-29, 2013 is *"From Concrete Collaborations to Common Prosperity"*.

On behalf of the Executive Committee Office, we cordially invite you to be one of the **VIP Speakers in the field of Materials** at EAEF-2013.

Initiated and promoted by the SCO member states, and with approval of Chinese government, Euro-Asia Economic Forum is designed to be a high-end international conference geared to the needs of the vast Eurasian region. Since it was launched in 2005, three editions of forum have been so far successfully convened. Mr. Wu Bangguo, Chairman of China's National People's Congress, Mr. Jia Qinglin, Chairman of the National Committee of the Chinese People's Political Consultative Conference, Mr. Xi Jinping, Current Chinese President, and leaders of other Eurasian countries once attended the forum and delivered speeches successively.

With profound changes in the world's economy structure and the close of the 18th People Congress of CCPC, China is stepping into a new historic period. In such critical times and with 10 years being in operation, **Euro-Asia Economic Forum 2013** will be one of the most glorious economic forums in the world. This forum will launch strong wave debates on how to stimulate the concreted collaborations and sustainable development between European and Asian Countries and to explore new solutions for mutual economic growth.

The aims of the forum will be the formation of Euro-Asia inland economic structure, translating economic collaboration policy and potentials of SCO into real outcome and to advocate and promote the unification of Europe and Asia Economic Zones to meet the challenges of economic risks and difficulties. At the Beijing Summit of SCO in June 2012, all member countries recognized our current working focus shifting from legal mechanism establishment towards promoting real collaborations in all economic standpoints. EAEF 2013 hopes to promote mutual economic prosperity by discussing fundamental topics to reach a series of agreements on how to enhance mutual sharing of; infrastructure constructions, trade promotions,

joint-ventured demonstration parks for systematic explorations, investment liberalization & facilitation, and collaboration in fields of energy, finance, science and technologies, emerging industries, non-resource development and the people's livelihood oriented industries.

Euro-Asia Economic Forum 2013 will be fully committed to keeping a high standard for all invited members and delegates, and outweigh previous years by inviting:

- One Standing Committee Member of China CCPC
- 6-8 Presidents, Vice Presidents or Premiers, Vice Premiers from Member Countries of Shanghai Cooperation Organization and 2-4 Ex-Presidents or ex-Premiers of European Countries
- 50+ Ministers of Euro-Asia Countries
- 30+ Representatives of International SCO and NGOS
- 20+ Ambassadors of Euro-Asia Countries in China
- 3000+ Domestic and Overseas Distinguished and Top Economic and Industrial Leaders, and Experts in areas of Finance, Energy, Education, Tourism, Culture, Heritage Protection, Eco-Protection, Science & Technology, Business Development and Investment.

We hope that you can fully benefit from this prestigious invitation and take part in such an exceedingly important economic forum for Euro-Asian regional economic cooperation and common development in Xi'an this September. It will be a pragmatic and fruitful meeting and become a memorable historical, cultural, green and ecological journey for you. In addition, we hope that you can take advantage of this exceptional opportunity for business networking, an industrial field trip or perhaps lecture at a famous local university in the coming golden season.
